

# PEPFAR Funding: Investments that Save Lives and Promote Security

“It is clear that our nation’s investments in HIV/AIDS are having an impact. President Obama and I are dedicated to enhancing America’s leadership in the fight against global AIDS.”

– Secretary of State Hillary Rodham Clinton

Launched in 2003 by President George W. Bush with strong bipartisan support, the U.S. President’s Emergency Plan for AIDS Relief (PEPFAR) is America’s commitment to fighting the global HIV/AIDS pandemic. Through shared responsibility and smart investments, PEPFAR is **saving lives, building more secure families and helping to stabilize fragile nations.**

With the generous support of the American people, the U.S. Government has committed approximately \$32 billion to bilateral HIV/AIDS programs, the Global Fund to Fight HIV/AIDS, Tuberculosis and Malaria, and bilateral TB programs through fiscal year (FY) 2010.

PEPFAR’s success is measured in lives improved and saved.

- In fiscal year 2010, PEPFAR directly supported life-saving antiretroviral treatment for **more than 3.2 million** men, women and children worldwide, up from less than 2.5 million in 2009.
- PEPFAR directly supported antiretroviral prophylaxis to prevent mother-to-child HIV transmission for **more than 600,000** HIV-positive pregnant women in fiscal year 2010, allowing **more than 114,000** infants to be born HIV-free.
- Through its partnerships with more than 30 countries, PEPFAR directly supported **11 million** people with care and support, including nearly **3.8 million** orphans and vulnerable children, in fiscal year 2010 alone.

PEPFAR is **making smart investments** to improve lives, build more secure families and help stabilize fragile nations. With continued support from the U.S. Congress, PEPFAR will be able continuing working towards the goals of treating more than 4 million people, preventing more than 12 million new HIV infections, and caring for more than 12 million people, including 5 million orphans and vulnerable children.

- For FY 2011, **President Obama has requested nearly \$7.0 billion**, including nearly \$5.74 billion for bilateral HIV/AIDS programs, \$1 billion for the Global Fund, and \$251 million for bilateral TB programs.
- For FY 2012, the President is requesting **nearly \$7.2 billion**, including nearly \$5.6 billion for bilateral HIV/AIDS programs, \$1.3 billion for the Global Fund, and \$254 million for bilateral TB programs.

## FY 2004 - FY 2012 PEPFAR Funding (\$ in millions)

Programs	FY 2004 Enacted	FY 2005 Enacted	FY 2006 Enacted	FY 2007 Enacted	FY 2008 Enacted	FY 2009 Enacted	FY 2010 Enacted	Total Enacted <sup>2</sup>	FY 2011 Requested	FY 2012 Requested
